## PROFESSIONAL SUMMARY

---

**Dirgantara Adi Nugroho is a trusted advisor in energy and infrastructure law, known for his precision in structuring and negotiating significant power and construction projects across Indonesia.**

With over a decade of experience advising on EPC contracts, project finance, and regulatory strategy, he has become a go-to counsel for sponsors, contractors, and financiers navigating complex infrastructure projects.

Dirgantara co-founded Corra Legal, bringing his extensive expertise in advising on coal-fired power plants, renewable energy projects, industrial facilities, and large-scale infrastructure developments. His legal acumen spans a wide range of sectors, with a particular focus on optimizing project structures, navigating regulatory frameworks, and ensuring compliance with complex procurement requirements.
